## EDUCATION

---

### **Udemy, The Complete Web Development Bootcamp, Angela Yu**

- Gained comprehensive hands-on experience in full-stack web development, mastering front-end technologies like HTML, CSS, BootStrap, and JavaScript, along with frameworks such as React for building dynamic, responsive user interfaces. Acquired back-end skills using Node.js and Express.js to create robust server-side applications, and implemented data storage solutions with MongoDB. Built and deployed fully functional web applications, gaining a solid understanding of the development lifecycle, debugging, and version control using Git.

### **Zero to Mastery Academy, Complete NextJs Bootcamp**

- Mastered advanced Next.js techniques such as server-side rendering (SSR), client-side rendering (CSR), static site generation (SSG), dynamic routing, and API routes. Gained expertise in building scalable, high-performance web applications, optimizing for both SEO and user experience. Applied cutting-edge features to ensure fast, efficient, and maintainable web applications.

### **DevBern Web Developer Bootcamp**

- Acquired skills in HTML, CSS, JavaScript, React, JAVA, C#, .NET, and OOP. Collaborated with peers on projects and enhanced full-stack development knowledge through hands-on experience.

### **DevelopedByEd React Bootcamp**

- Gained hands-on experience in building full-stack applications using React.js, Node.js, Express, and MongoDB. It focused on both front-end and back-end development, including RESTful APIs, and authentication.

## EXPERIENCE

---

### **Taanayel General Hospital**

*Junior IT Assistant*

*Oct 2023 – Oct 2024*

- Assisted in hardware and software installation, enhancing communication with both clients and team members.
- Provided technical support to end-users, improving client interaction and problem-solving skills.
- Collaborated with the IT team to resolve network issues, ensuring effective team coordination and connectivity.
- Contributed to implementing IT policies, promoting strong communication and collaboration within the team.

## PROJECTS

---

### **Full Stack NextJs Netflix clone**

- Built a full-stack Netflix clone using Next.js, React, and YouTube API, featuring video streaming, dynamic sections, and a clean, responsive UI.
- Integrated YouTube API for fetching trending videos and search results dynamically while optimizing SEO using SSR and CSR.
- Implemented secure, passwordless user authentication with Magic Link, managing sessions with JWTs and cookies for persistent state.
- Designed a scalable backend with Hasura GraphQL APIs and PostgreSQL to store user watch history and favorites.
- Enhanced performance and user experience through dynamic routing, pre-rendering, and modern UI components.

### **FrontEnd NextJS Camping Website**

- Developed a responsive and user-friendly travel/camping website using Next.js and Tailwind CSS, ensuring a seamless browsing experience across devices.
- Designed an intuitive and visually appealing UI with modern components to showcase destinations, itineraries, and travel tips.
- Optimized front-end performance with Next.js features, such as dynamic routing and pre-rendering, for fast page loads and enhanced user experience.

## SKILLS

---

- JavaScript, TypeScript, HTML, CSS, JAVA, Python, C#, .NET.
- Next.js, React.js, Tailwind CSS, Bootstrap, EJS, Git, Node.js, RESTful APIs, GraphQL, MySQL, PostgreSQL, MongoDB, Hasura, Stripe, Authentication.
- Teamwork, collaboration, time management, critical thinking, communication, problem-solving, adaptability, and attention to detail.
